COLUMBUS, O., March 22. hammer, allegedly by her angered husband, Mrs. Minnie gered husband, Mrs. Minnie dollars.

of society, is a great-grandmother, in New York City. She is worth more than a million dollars.

Burden had been the Edwards family Battelle, 35, Grove City, near while officers of Franklin over, several of them were out of a job. Burden instantly discharged slayer.

The killing was witnessed by three small children, the sheriff reported.

According to their story, as told to Red Cross workers of Grove City, the husband and wife quarreled early this morning. It is thought the fatal blow was struck about 10 a. m.

After Mrs. Battelle was rendered unconscious, it is said, the husband, Arthur Battelle, moved her limp form to a closet and nailed the door.

The family, it is said, has been in destitute circumstances the past winter and had been aided by Red Cross workers.

Upon recovering from their fright, the children told their story to Red Cross workers, who at first could not piece together the chil-

drens' story. Mrs. Battelle was alive when discovered in the closet at noon, but died soon after being taken to the

POWERFUL CHICAGO GANG LEADER SLAIN WHEN NEARING HOME

Picturesque Career Of "Diamond Joe" Ended By Bullets

CHICAGO, March 22.—"Diamond Joe" Esposito, powerful Italian leader whose picturesque career has been lived on the twilight border between rowdyism and respectability, is dead today, a victim of

gangster bullets. "Diamond Joe"--Christened Guiseppi-was shot down within a few feet of his home last night as he returned from a twenty-fifth ward political meeting. He died on the way to the County Hospital.

Three men, armed with revolvers and sawed-off shotguns, poured a volley of leaden bullets and poi soned slugs into Esposito's back from a closed automobile in which they had pulled up to the curb.

Ralph and Joe Varchetto, broth ers, and reputed bodyguards of Es posito, were being held today on suspicion that they had put their chief "on the spot" for his ene-

Old Traditions Die Hard

Although a man's idea of woman has changed much in the last half a century, especially since the war, there still are many men who honestly, if unconsciously, believe that all women are weak, and that the good woman is the woman who has not been tempted—at the right time, in the right place and under the right circumstances.

The father of Lynda Fenton is one of these. He is a periodical drunkard, and when in his cups he always impresses his daughter that every woman is the slave of her emotions, and her love of material things, and ultimately she will sell herself if the compensation happens to please her.

Her Father's Words

"Some women insist upon marriage as the price," he says. "Others want money or power. Whatever it may be, the man who is enamored of a woman, must pay, and pay,

He has told his daughter, ever since she was old enough to know what words mean, that she cannot escape the terrible dictum. Men will desire her as they did her mother before her, who not only deserted himself, but also her baby daughter, for some man who could give her love and luxurious surroundings instead of the comparative poverty that he had given her.

Lynda Fenton, because of the infirmity of her father, had grown up in solitary fashion. Out of her environment, and her father's constant iteration, she had evolved a theory of her own in regard to life. If she were fated to eventually sell herself, she would be very careful to ge the highest price, and she was not sure that this was to be marriage. That theories are worth nothing until they are proved workable, and that then they are not theories, but facts, Lynda did not know,

During the three months of which this story is a history, she learns this, and upon these few weeks hang all her future happiness or sorrow. How it turns out, and what it means to her, depends entirely on the unconscious character she has developed in her solitary childhood and youth, for it is a sad fact that most experiences come too late to bring

The crucial three months of Lynda Fenton's life problem begin at the office are dressed like rich managed to stick. give truly great performance, smoothness and reliability—the industry's standard today. Thus it was the first in the development of

American closed cars, and such smart turnouts as the Town Car and Speedster. The Coach—a Hudson invention—turned the

entire industry to closed cars. The Super-Six principle and its companion invention that turns waste heat to power, is the

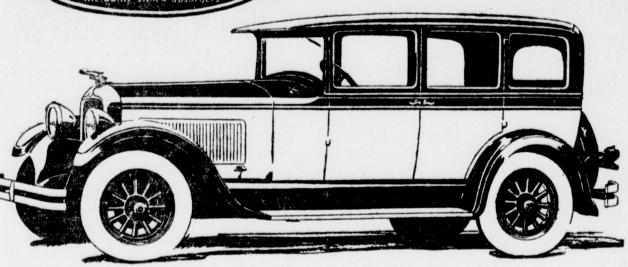

most efficient combination in development and

transmission of power, within our knowledge. In the beautifully designed and luxuriously finished bodies that feature the new Hudson Super-Sixes the same relation of values obtain as made the Super-Six chassis famous.

WICKERSHAM HDWE. CO. XENIA-JAMESTOWN

55% more power 65 smooth miles per hour

STUDEBAKER engineering genius has increased the new Dictator's horsepower from 45 to 70 and added to its speed. But its cost to you has not been increased. And the new Dictator engine is actually more economical of gasoline than ever before. It delivers a perfectly paced 65-miles-an-hour-accelerates like a rocket -possesses the flexibility of the finest 6-cylinder

Holds record for cars under \$1400

Proof of the new Dictator's advanced performance was established when a stock Dictator sedan traveled 24 continuous hours at better than milea-minute speed. No stock car under \$1400 has ever equaled this record.

40-mile speed even when new

Due to advanced engineering practices, precision building, high quality materials and rigid inspections which this new Dictator receives, it can be driven 40-miles-per-hour the day it is delivered No laborious 20-mile-an-hour breaking-in.

Lubricate only every 2500 miles

Studebaker engineers have also eliminated the necessity of oil change to but once every 2500 miles. Chassis greasing has been reduced to 2500-mile intervals through a unique system of magazine high-pressure lubrication.

Engineering genius and traditional quality

Throughout its design the new Dictator is the product of advanced engineering developmentyet its One-Profit price is still only \$1195, f. o. b. factory, and it bears a famous name-Studebaker -the highest guarantee of motor car excellence!

\$315 More Profit from Each Acre of Potatoes

The combination of larger yields and better quality makes real potato profits. Before last season Mr. J. U. Shutt, of Strasburg, Tuscarawas Co., Ohio, averaged 200 bushels of potatoes per acre.

Last season Mr. Shutt used "AA QUALITY" Fertilizer. His yield was 375 bushels of top-quality potatoes per acre. Note this significant fact! Mr. Shutt not only got a fine yield but he got exceptionally fine quality. He sold his potatoes for \$1.80 a bushel, which meant that his income was \$675 from each acre of potatoes-an increased profit of \$315 per acre.

Thousands of other successful growers have found that "AA QUALITY" Fertilizers produce extra yields, better quality, and larger profits. There is nothing accidental about such splendid results. "AA QUALITY" Fertilizers POTATO YIELD INCREASED FIFTY PER CENT... Mr. Arthur Lane, of Marietta, Washington Co., Ohio, says: "By using 'AA QUALITY' Fertilizer this year I have grown 50% more potatoes than I did last year on same piece of ground. The potatoes were larger and smoother than any others I ever raised on my farm. I never had any fertilizer give such results. I shall always use your 'AA QUALITY' Fertilizer."—October 7, 1927.

GIVES BEST RESULTS . . . Mr. Albert Sommer, of Mt. Hope, Holmes Co., Ohio, says: "I have used quite a number of different kinds of fertilizer, but never used any that gave me the results that 'AA QUALITY' Fertilizer for potatoes has given me this fall. I will plow two acres this spring, and of course it will be 'AA QUALITY' that goes on them."—September 18, 1927.

GOOD RESULTS FOR 40 YEARS . . . Mr. T. J. Wilkinson, Portland, Sumner Co., Tenn., says: "I have been using Homestead Fertilizer ("AA QUAL-ITY") for over forty years and it has always given the best of satisfaction. All that I have used was in the best condition."—October 14, 1927.

in the best condition."—October 14, 1927.

CAN'T AFFORD TO FARM WITHOUT FERTILIZERS . . . Mr. E. N. Moyer, of Clyde, Sandusky Co., Ohio, says: "I have been using 300 lbs.
of 'AA QUALITY' Fertilizer on my sweet corn for
market and find it hastens maturity so that I can
get it on the market earlier and command a better
price. I also used 300 lbs. per acre on my sugar
beets, and find it pays highly. So many farmers say
they can't afford to use fertilizer. I for one can't
afford to farm without it. Plants are like animals
and respond to good feeding. I use plenty of 'AA
QUALITY' Fertilizers on my plants so I can harvest a bounteous crop to feed my animals."—October 10, 1927.

are painstakingly and scientifically made for each crop and each locality. "AA QUALITY" goods are guaran-

teed by the largest fertilizer company in the world. They have back of them over sixty years of fertilizer experience -and, what is more, over sixty years of successful crop production. Three generations of farmers have obtained top-quality crops with "AA QUAL-ITY" Fertilizers.

Use "AA QUALITY" Fertilizers this season and get maximum yields of top-quality crops-and maximum prof-

Deafness Unnecessary

In catarrhal deafness there is a constant inflammation of the little air passage from throat to ear. This partially closes this tube, so the air cannot pass freely, and the result is distressing, rumbling noises, feeling of fullness and dulled hearing. Relieve the inflammation of mucous membranes with Hall's Catarrh Medicine, and this condition clears inflammation is reduced, and Nature quickly restores a normal condition. Successful for over 40 years. Ask your druggist. Price 85c. New Radio Log Book Free to Catarrh Sufferers. Write F. J. Cheney & Co., Toledo, Ohio.

wers can pay for cars out of income est available charge for est, handling and

The consistency of Hudson leadership is but the performance of its first principle, resolution and tradition—to always lead in value.

Thus it was the first car at moderate price to give truly great performance, smoothness and reliability—the industry's standard today. Thus it was the first in the development of

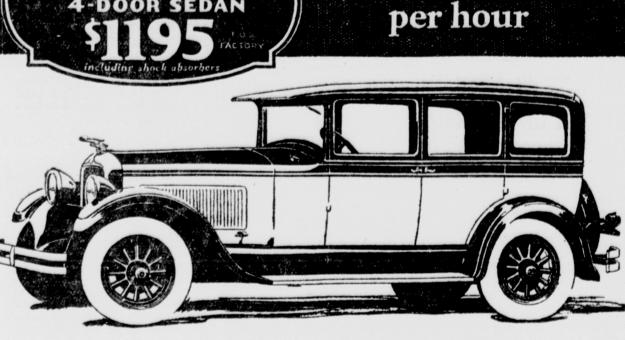

American closed cars, and such smart turnouts as the Town Car and Speedster. The Coach—a Hudson invention—turned the

entire industry to closed cars. The Super-Six principle and its companion invention that turns waste heat to power, is the

most efficient combination in development and

transmission of power, within our knowledge. In the beautifully designed and luxuriously finished bodies that feature the new Hudson Super-Sixes the same relation of values obtain as made the Super-Six chassis famous.

STUDEBAKER,

STUDEBAKER engineering genius has increased the new Dictator's horsepower from 45 to 70 and added to its speed. But its cost to you has not been increased. And the new Dictator engine is actually more economical of gasoline than ever before. It delivers a perfectly paced 65-miles-an-hour-accelerates like a rocket -possesses the flexibility of the finest 6-cylinder

Holds record for cars under \$1400

Proof of the new Dictator's advanced performance was established when a stock Dictator sedan traveled 24 continuous hours at better than milea-minute speed. No stock car under \$1400 has ever equaled this record.

40-mile speed even when new

Due to advanced engineering practices, precision building, high quality materials and rigid inspections which this new Dictator receives, it can be driven 40-miles-per-hour the day it is delivered. No laborious 20-mile-an-hour breaking-in.

Lubricate only every 2500 miles

55% more power

65 smooth miles

Studebaker engineers have also eliminated the necessity of oil change to but once every 2500 miles. Chassis greasing has been reduced to 2500-mile intervals through a unique system of magazine high-pressure lubrication.

Engineering genius and traditional quality

Throughout its design the new Dictator is the product of advanced engineering developmentyet its One-Profit price is still only \$1195, f. o. b. factory, and it bears a famous name-Studebaker -the highest guarantee of motor car excellence!

\$315 More Profit from Each Acre of Potatoes

The combination of larger yields and better quality makes real potato profits. Before last season Mr. J. U. Shutt, of Strasburg, Tuscarawas Co., Ohio, averaged 200 bushels of potatoes per acre.

Last season Mr. Shutt used "AA QUALITY" Fertilizer. His yield was 375 bushels of top-quality potatoes per acre. Note this significant fact! Mr. Shutt not only got a fine yield but he got exceptionally fine quality. He sold his potatoes for \$1.80 a bushel, which meant that his income was \$675 from each acre of potatoes-an increased profit of \$315 per acre.

Thousands of other successful growers have found that "AA QUALITY" Fertilizers produce extra yields, better quality, and larger profits. There is nothing accidental about such splendid results, "AA QUALITY" Fertilizers POTATO YIELD INCREASED FIFTY PER CENT... Mr. Arthur Lane, of Marietta, Washington Co., Ohio, says: "By using 'AA QUALITY' Fertilizer this year I have grown 50% more potatoes than I did last year on same piece of ground. The potatoes were larger and smoother than any others I ever raised on my farm. I never had any fertilizer give such results. I shall always use your 'AA QUALITY' Fertilizer."—October 7, 1927.

GIVES BEST RESULTS . . . Mr. Albert Sommer, of Mt. Hope, Holmes Co., Ohio, says: "I have used quite a number of different kinds of fertilizer, but never used any that gave me the results that 'AA QUALITY' Fertilizer for potatoes has given me this fall. I will plow two acres this spring, and of course it will be 'AA QUALITY' that goes on them."—September 18, 1927.

GOOD RESULTS FOR 40 YEARS . . . Mr. T. J. Wilkinson, Portland, Sumner Co., Tenn., says: "I have been using Homestead Fertilizer ("AA QUAL-ITY") for over forty years and it has always given the best of satisfaction. All that I have used was in the best condition."—October 14, 1927.

in the best condition."—October 14, 1927.

CAN'T AFFORD TO FARM WITHOUT FERTILIZERS... Mr. E. N. Moyer, of Clyde, Sandusky Co., Ohio, says: "I have been using 300 lbs. of 'AA QUALITY' Fertilizer on my sweet corn for market and find it hastens maturity so that I can get it on the market earlier and command a better price. I also used 500 lbs. per acre on my sugar beets, and find it pays highly. So many farmers say they can't afford to use fertilizer. I for one can't afford to farm without it. Plants are like animals and respond to good feeding. I use plenty of 'AA QUALITY' Fertilizers on my plants so I can harvest a bounteous crop to feed my animals."—October 10, 1927.

are painstakingly and scientifically made for each crop and each locality.

"AA QUALITY" goods are guaranteed by the largest fertilizer company in the world. They have back of them over sixty years of fertilizer experience -and, what is more, over sixty years of successful crop production. Three generations of farmers have obtained top-quality crops with "AA QUAL-ITY" Fertilizers.

Use "AA QUALITY" Fertilizers this season and get maximum yields of top-quality crops-and maximum prof-

"AA QUALITY" FERTILIZERS

On the back of the bag, the "AA QUALITY" Seal guarantees that every sack contains the choicest plant-food materials mixed with scientific care.

Doctor Finds Women and Children are Sick More Often than Men

As a family doctor at Monticello, Illinois, the whole human body, no any small part of it, was Dr. Caldwell's practice. More than half his "calls" were on women, chil dren and babies. They are the ones most often sick. But their illnesses were usually of a minor nature-colds, fevers, headaches oiliousness-and all of them required first a thorough evacuation. They were constipated.

In the course of Dr. Caldwell's 47 years' practice (he was graduated from Rush Medical College back in 1875), he found a good deal of suc cess in such cases with a prescription of his own containing simple laxative herbs with pepsin. 1892 he decided to use this formu la in the manufacture of a medicine to be known as Dr. Caldwell's Syrup Pepsin, and in that year his prescription was first placed on the market.

The preparation immediately had as great a success in the drug Syrup- Pepsin are being used a dren like it and take it willingly.

Living and Loving By MRS. VIRGINIA LEE

Just One Kiss

In writing this column I have always discouraged "petting," as I think a constant and promiscuous display of affection becomes meaningless and cheapening. Now comes a wistful letter from a young girl who asks if I consider it very wrong to give one's boy friend an occasional good night "Dear Mrs. Lee: Do you

girl to let her boy friend kiss her good night occasionally? I mean after she has gone with him quite a few times? I do not believe in petting parties, but, dear Mrs. Lee, is just one kiss called petting? Do you think it is wrong for a girl to go with a boy and marry him if he is a couple of years her junior? Is it any worse than a young girl marrying an old man, or a man several years her sen-WONDERING."

I don't believe an occasional kiss between very good friends could be called petting, Wondering. It is perfectly all right for a girl to complicated about the present go with a boy, and to marry him, dancing. You just step about in if she wishes, who is two years time to the music. The waltz is younger than she. It is much bet-ter than for a girl to marry a man it easily learned. Any of the much older than she.

years of age, and expect to graduate from high school in June. I do not go with any certain bunch of girls because my mother, a widow, has most of her money invested and is having a difficult time meeting her bills just at present. I am sure she will be able to gain access to her money very soon, but in the meantime not wish to worry her with demands for spending money. I have never danced. All my girl friends have danced since they were children. No one wants to teach a girl to dance at a party, and I can't afford to take lessons, so what am I going to do? What shall I do, Mrs. Lee? "PETITE.

With victrolas, radios and things, it ought not to be so very difficult to solve your problem, Petite. Don't the girls dance in the school gymnasium, and couldn't they teach you there? Or how about the boy cousin? Does he dance, and couldn't he teach you with radio or victrola? There is nothing very girls will show you the way to do it and you could practice at home "Dear Mrs. Lee: I am 18 | until you have confidence.

Living and Loving

By MRS. VIRGINIA LEE

Just One Kiss

In writing this column I have always discouraged "petting," as I think a constant and promiscuous display of affection becomes meaningless and cheapening. Now comes a wistful letter from a young girl who asks if I consider it very wrong to give one's how it very wrong to give one's boy friend an occasional good night

"Dear Mrs. Lee: Do you think it is very wrong for a girl to let her boy friend kiss her good night occasionally I mean after she has gone with him quite a few times? I do not believe in petting parties, but, dear Mrs. Lee, is just one kiss called petting? Do you think it is wrong for a girl to go with a boy and marry him if he is a couple of years her junior? Is it any worse than a young girl marrying an old man, or a man several years her sen-WONDERING."

I don't believe an occasional kiss SUGGESTIONS

Laundry Hint

Many mothers with electric washers have found it necessary to rub children's white stockings and the condition of the condition of the called petting, Wondering. It is perfectly all right for a girl to go with a boy, and to marry him, if she wishes, who is two years time to the music. The waltz is

"Dear Mrs. Lee: I am 18 until you have confidence.

years of age, and expect to graduate from high school in June. I do not go with any certain bunch of girls because my mother, a widow, has most of her money invested and is having a difficult time meeting her bills just at present. I am sure she will be able to gain access to her money very soon, but in the meantime I not wish to worry her with demands for spending money. have never danced. All my girl friends have danced since they were children. No one wants to teach a girl to dance at a party, and I can't afford to take lessons, so what am I going to do? What shall I do, Mrs. Lee? "PETITE."

With victrolas, radios and things, it ought not to be so very difficult to solve your problem, Petite. Don't the girls dance in the school gymnasium, and couldn't they teach you there? Or how about the boy cousin? Does he dance, and if she wishes, who is two years younger than she. It is much better than for a girl to marry a man much older than she.

"The waltz is a bit more complicated, but that it easily learned. Any of the girls will show you the way to do it and you could practice at home

Peter's Adventure

By MRS. FLORENCE SMITH VINCENT

A TUSSLE WITH AN EEL

"Pardon you! Of course I will, I shouldn't have said anything head of the poor eel upon the rock. Put three pounds of sugar and about it in the first place if it hand hardly hurts at all now, and rather glad that I ran into the old fishbone. If I hadn't I might have left your home without ever guessing that you built your nest on a foundation of fishbones.

"You Kingfishers are a sensible couple, taking care of your babies the way you do-building a house that will last as long as you need it and using things that you have The X-Ray and radium are used at hand to make it solid. "Thank you, Boy." Kingfisher

was greatly pleased. "And we are a happy couple, too. Do you know, I am getting hungry again. How about you, wife?"
"Well, I could nibble a nice fat minnow." Mrs. Kingfisher laughed.

You know what an appetite I

have, my dear."

"Then I am going fishing again," declared her husband.
"Coming with me, Two-Legs?"

"To be sure. Good-bye, Mrs.

over his shoulder. Peter was

a wriggling eel in his beak.

pected to see Kingfisher drop it, but the bird had no such idea. Peter saw that the Kingfishers He flew from his perch over to were really worried about their carelessness in not warning him to beware of fishbones. He hastened this rock Kingfisher began to hop to relieve their feelings. But with every hop he beat the

EVERYTHING BUT AN INFIELD THIS YEAR

McCarthy Is Pleased With Trade That Brought Cuyler

(Editor's Note: This is another of a series of articles by the International News Service, dealing with developments in connection with various major league clubs in spring training. Other articles of the series will follow.)

AVALON, CATALINA ISLAND, Cal., March 22-Reviewing the training season today, as his Chicago Cubs were making ready to break camp for the long trek east, Manager Jee McCarthy proceeded to reach around his abdomen, reading from left and to right, and shake hands with himself on the trade that brought Hazen "Kiki" Cuyler to the club. Cuyler, a prominent man-about-the bench with the Pirates last year, has been a "wow" with the Cubs to date, his hitting, fielding and team spirit having been the outstanding feature of the Cubs' exhibition games.

"I gave up a good man*in Adams." McCarthy said, "but I got a better a great ball player can do that he much of his time and the benefit school officials. f his experience to the young play- The high school golf team will be the Cubs immeasurably, then I Clemans and Rakoff. don't know what I am talking

ting, one of the best catchers in match. best there is from the material at branches as follows: hand. But three of the four infield | April 21-Piqua away. positions are far from water tight. Charley Grimm, the former St. Louis peanut vender, is one of the ranking first basemen in the league, and may be figured to steady the other infielders not a little. But he couldn't stop the Cub infielders from kicking them away last year, so the natural conclusion is that Johnny Butler, Los Angeles; Elwood English, Granville, O.; Clyde Beck, Gardona, Cal.; Freddy Ma-Guire, Worchester, Mass.; Norman make good strictly on their own or the club infield will fail again,

Beck, English and Yoter were regular infielders last year, which may not be much of a recommendation. English, however, was com ing along as a shortstop late in the season and generally is given the edge in that position now. Beck is his understudy and Yoter is act ing in the same capacity for But ler, secured from the Brooklyn Dodgers. Butler is figured to give the Cubs more steadiness at third than they have known in sev

ral seasons. MaGuire, once with the Giants and McMillan, once with the Yan kees and several other clubs, ar staging a great duel over Adams former position at second base McMillan has had the call to date but those close to McCarthy believe he regards MaGuire as the

better prospect. However, there is no doubt about the fact that the infield situation is far from reassuring. The rest of the club is absolutely set. It has pitching strength second to none. Charley Root, Middletown, O., was the league leader last hind. John Blake, Beckley, W. Va., are back and so is Art Nehf, who of the 1927 staff, are still about,

The Cubs can't go wrong on their pitching, neither can they with heir catchers with Hartnett and Mike Gonzales on the job. John Churry, last year's warm up catcher from Congo, O., also is on the ob, as is Louis Loggett, from Greenville, S. C., and New Orleans. Cuyler has been roaming right field this spring, and when every thing is straightened out, Lou Wilson, the Martinsburg, W. Va., star will play centerfield, with Cliff Heathcote, Riggs Stephenson and Earl Webb, battling for the remaining place. All are veterans and good ones, which doesn't sound

FORBIDDEN "MEDICINE

very reassuring to Joe Kelly, in

from Toledo.

WATSONVILLE, Cal.-"He had taken three glasses of medicine," testified a woman in police court on behalf of her husband, who was charged with reckless driving. 'And I told him that two is plenty,' she added. "Of that kind of medicine, I think even one would be too much," Judge Webb countered, and fined the man \$25, promising 30 day in jail in addition if he did not let "medicine" alane.

However, there is no doubt about the fact that the infield situation is far from reassuring. The rest of the club is absolutely set.

The Cubs can't go wrong on their pitching, neither can they with their catchers with Hartnett and Mike Gonzales on the job. John Churry, last year's warm up catcher from Congo, O., also is on the job, as is Louis Loggett, from Greenville, S. C., and New Orleans. Cuyler has been roaming right field this spring, and when every thing is straightened out, Lou Wi son, the Martinsburg, W. Va., star will play centerfield, with Cliff Heathcote, Riggs Stephenson and Earl Webb, battling for the remaining place. All are veterans and good ones, which doesn't sound very reassuring to Joe Kelly, in from Toledo.

FORBIDDEN "MEDICINE

WATSONVILLE, Cal.-"He had taken three glasses of medicine," testified a woman in police court on behalf of her husband, who was charged with reckless driving. "And I told him that two is plenty, she added. "Of that kind of medicine, I think even one would be too much," Judge Webb countered, and fined the man \$25, promising 30 day in jail in addition if he did not let "medicine" alane

DELAWARE, O., March 21-Fred Williams is being held in the city jail here pending investigation of the death of Lisle Chambers, 9, of Lawrence Chambers, Sur oury Road, who died last night of injuries sustained when he was struck by an automobile.

No charges have been lodged against Williams, though it is said he was the driver of the auto.

PILES CAN BE CURED WITHOUT SURGERY

An instructive book has been published by Dr. L. M. Ross, the recta specialist. This book tells how sufferers from piles can be quickly and easily cured without the use of the knife, scissors, burning electricity or any cutting method, without confinement to bed and no hospital bills to pay.

This method has been a success for 25 years and in thousands of This book is sent postpaid free to persons afflicted with piles or other rectal trouble who clip this item and mail it with name and address to L. M. Ross, M. D. East State Street, Columbus

Modern Wall Finishes

FOY'S Velvatone is

Prepared especially for inside walls. It is not a water paint, but a full-bodied oil paint that is easy to apply and that dries with a satin-like finish. Velvatone is widely recommended by leading architects and interior decorators, and is used in the finishing of some of the finest homes, clubs and buildings in

the country. Walls painted with Foy's Velvatone afford a richer background for furniture and pictures than any other finish. They are easily cleaned with soap and water and will retain their full color for years without repainting. There is a Foy Dealer near you who will gladly estimate

When You Catch Cold Rub On Musterole

Musterole is easy to apply and works right away. It may prevent a cold from turning into "flu" or pneumonia. It does all the good work of grandmother's

mustard plaster. Musterole is a clean, white ointment made of oil of mustard and other home simples. It is recommended by many doctors and nurses. Try Musterole for sore throat, cold on the chest, rheumaniferent broad throat. tism, lumbago, pleurisy, stiff neck, bron-chitis, asthma, neuralgia, congestion, pains and aches of the back and joints sprains, sore muscles, bruises, chilblains frosted feet-colds of all sorts.

To Mothers: Musterole is also made in milder form for babies and small children Ask for Children's Musterole.

Do you enjoy your tood?

IF you do not enjoy your food it is a true sign that you are losing your appetite. And when your appetite is "gone" it means you haven't the resistance to ward off disease. Loss of appetite is only a symptom. General weakness pervades the entire body. There is no desire to work

Rich, red, blood builds and sustains

Your physician will tell you that lowered vitality is the result of an insufficient supply of red blood cells—those vitalizing elements in the blood that nourish and sustain the body.

When you get your red blood cells back up to normal, that sluggish, let-down feeling, loss of appetite, rheumatism, boils, pimples, and skin troubles disappear. You get hungry again; sleep soundly; solid flesh takes the place of that which was once flabby. You feel strong; and your nerves become steady.

S.S.S. Builds Sturdy Health

It's amazing the way all-mashfed chicks grow

THE way baby chicks thrive and grow when fed on UBIKO ALL-MASH Starting and Growing Ration is little short of miraculous. No weak, droopy, listless chicks with overgrown wing and tail feathers-or with no feathers at all-when UBIKO ALL-MASH is fed regularly.

This ration will promote a rapid, well-balanced growth of body and feathers. It will make firm flesh and strong bone - no weak legs with UBIKO-fed chicks. That's because it is a complete ration and every ingredient is chosen with the greatest care and has been thoroughly tested. Sound, wholesome grains supplemented with choice meat scraps, dried buttermilk, codliver oil, bone meal, salt and charcoal make UBIKO ALL-MASH Starting and Growing Ration practically

The advantages of all-mash feeding are decidedly worth while. Self-feeders prevent the usual crowding that accompanies litterfeeding. The ration is always clean. By no chance can the chicks pick up mouldy, decayed grains that may carry disease and parasites. Again, all-mash feeding is convenient. It is a time and labor saver. It does away with all guesswork, as UBIKO ALL-MASH Starting and Growing Ration provides all the nutrients

Get the facts-

needed by the growing pullets and

We will be glad to tell you more about the UBIKO ALL-MASH System and supply descriptive circulars. We also sell the entire line of UBIKO World Record Feeds for dairy cattle, horses, pigs and hogs and poultry.

When You Catch Cold Rub On Musterole

Musterole is easy to apply and works right away. It may prevent a cold from turning into "flu" or pneumonia. It does all the good work of grandmother's

sore throat, cold on the chest, rheumatism, lumbago, pleurisy, stiff neck, bron-chitis, asthma, neuralgia, congestion, pains and aches of the back and joints, sprains, sore muscles, bruises, chilblains frosted feet—colds of all sorts.

To Mothers: Musterole is also made in milder form for babies and small children Ask for Children's Musterole. Jars & Tubes

Do you enjoy your food?

IF you do not enjoy your food it is a true sign that you are losing your appetite. And when your appetite is "gone" it means you haven't the resistance to ward off disease. Loss of appetite is only a symptom. General weakness pervades the entire body. There is no desire to work

Rich, red, blood builds and sustains

Your physician will tell you that lowered vitality is the result of an insufficient supply of red blood cells—those vitalizing elements in the blood that nourish and sustain the body.

When you get your red blood cells back up to normal, that sluggish, let-down feeling, loss of appetite, rheumatism, boils, pimand skin troubles disanpear. You get hungry again; sleep soundly; solid flesh takes the place of that which was once flabby. You feel strong; and your nerves become steady.

S.S.S. Builds Sturdy Health

It's amazing the way all-mashfed chicks grow

THE way baby chicks thrive and grow when fed on UBIKO ALL-MASH Starting and Growing Ration is little short of miraculous. No weak, droopy, listless chicks with overgrown wing and tail feathers-or with no feathers at all-when UBIKO ALL-MASH is fed regularly.

This ration will promote a rapid, well-balanced growth of body and feathers. It will make firm flesh and strong bone - no weak legs with UBIKO-fed chicks. That's because it is a complete ration and every ingredient is chosen with the greatest care and has been thoroughly tested. Sound, wholesome grains supplemented with choice meat scraps, dried buttermilk, codliver oil, bone meal, salt and charcoal make UBIKO ALL-MASH Starting and Growing Ration practically perfect.

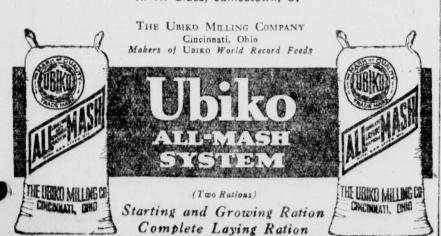

The advantages of all-mash feeding are decidedly worth while. Self-feeders prevent the usual crowding that accompanies litterfeeding. The ration is always clean. By no chance can the chicks pick up mouldy, decayed grains that may carry disease and parasites. Again, all-mash feeding is convenient. It is a time and labor saver. It does away with all guesswork, as UBIKO ALL-MASH Starting and Growing Ration provides all the nutrients needed by the growing pullets and

Get the facts-

We will be glad to tell you more about the UBIKO ALL-MASH System and supply descriptive circulars. We also sell the entire line of UBIKO World Record Feeds for dairy cattle, horses, pigs and hogs and poultry.

AH- MR-JIGGS GOOD NEWS-I'M GLAD OF THAT

BY GEORGE McMANUS

Although he had slept none the hysterical sob struck on his ear, weary, he had too much to think were flung around his neck! about to sleep this night. "Jack, Jack!" the voice was cry-

ton in the company of Le Tarte lining the whole story of Nita's

Jack Stuart worked out the pro- poor Jack!" was easy for him to figure out her citing circumstances. childish gullability regarding her, no consequence just then. The His belief in the lady had finally mere fact that it was Jill, and that landed him in prison, and it was in she was there, that she was kissing prison that he had eventually him and calling him her "dear woke up.

for two months, and then forward, a little, and things began to revert Jack picked up clues that, in the to normal, he saw Mike Sweene; light of this last night's develop- and Pat and Peter and Tony. Then ments, pointed the way fairly clear came the explanations.

within an hour or two after talking plot and her charge against Jack with him in the drug store. Instead This telegram had reached Min careful how he talked. The whole to renew her dancing contract. G— hotel in W—, of "Professor Le minutes later Jill and Dad Peter Tarte and wife," he would naturally were at the Sweeney home, and think it was Jill with the professor. thirty minutes from their arrival Where the plot had missed was her the lour, Pat, Peter, Jill and Mike, failure to escape from the fire had started in the big limousine for escape. Had she got away he would Cieveland, to rescue Jack from the still have supposed it was Jill, and clutches of the law. when he couldn't find her, he would have returned to Elliston, where in a fashionable restaurant on Euc-Nita would have been awaiting him lid Ave. that happy evening. with consolation.

planned. She knew the game was just disappear. Or, would she? This was the question that agitated Jack Stuart's mind, as he

waited, hour after hour of the fol-

in his case. It was almost 1 o'clock when a turnkey opened his cell. "You're wanted in the chief's office," he informed Jack, and the latter followed his conductor out and up the stairs into a large room. And here the universe turned over for Jack Stuart. He had scarcely entered the room when his gaze became fixed on a face less than five feet away. Then a short,

ALVA C. BRICKEL CALLED BY DEATH

Alva C. Brickel, 34, died at his home on the Grinnell Road, one mile south of Yellow Springs, from a complication of diseases at 11:10 o'clock Wednesday night. Mr. Brickel had been in failing

health for the last year and had been bedfast since last October when his condition became serious. Born near Mt. Tabor August 16, 1893, he had always lived in Greene County, formerly living on the Federal Pike before moving to a farm | WSAI: near Yellow Springs. He was a member of Mt. Tabor M. E. Church and the Modern Woodmen of Amer-

Minnie Brickel; his widow, who before marriage was Marion Crawford; two children, Catherine and Zora, and one step-child, Wilmina Mr. Brickel was married August Funeral services will be conduct 16, 1922.

Paramount, through a theater tieup, also has an interest in First

The Line-up Paramount, through its theater department, known as Publix, owns 370 theaters; Universal is estimatto have 300; Loew, 150, and Pathe-DeMille-FBO-Keith, about The Keith-Albee vaudeville interests, controlling Pathe-DeMille, recently took over operation of FBO (Film Booking Offices), with such financial giants as the Radio Corporation of America, Westing ouse Electric and General Electric interested financially. The DuPonts also have been putting some of their surplus funds into the film companies.

What can the "independents" do against the powerful line-up? Well, they can close their theaters, greatly reducing the revenue of the pro ducers, and probably bankrupting but it is the most difficult one. One step taken by "indepen? dents" which may affect the whole

West Coast Theater Circuit, by with a centralized purchasing William Fox, and the linking of power. At present this movement Fox's 365 theaters with 270 owned is confined to greater New York Aaron Sapiro, the California cooperative marketing expert, has been called in to direct the organ ization work.

"Independents" Hope

that foreign restrictions on releases of American flims will cut into the revenue of the big producers to such an extent that they will be forced to rely upon the independents to a greater extent for the margin between loss and profit.

Outstanding figures in the battle are Adolph Zukor president of Paramount: William Fox, Nicholas Schenck successor of the late Marcus Loew as head of Loew-Metro-Goldwyn and brother of the head of United Artists; Carl Laemmle, president of Universal, who could if he would, tell the independents something about licking the giant for he had to battle it himself.

GREENE COUNTIAN ALLOWED FREEDOM

The population of the Ohio State Reformatory at Mansfield, O., was themselves. Or they can promote reduced by 238 when the State legislation for their relief. (This Clemency Board at its March meetthey are trying to do.) Or they can, ing, granted that number of prisonsubtle means, enlist public sym- ers paroles, effective during the pathy in their behalf. Or they can next three months, and which inproduce their own films. This last cludes William Moore, sentenced eems to be the obvious remedy, from Greene County, who will be released April 2.

largest situation to their advantage, is the institution. Cuyahoga County once Get a small trial bottle of "St. Ja organization of a co-operative more headed the list with seventy- cob's Oil" at your druggist today group of independent exhibitors three prisoners paroled.
